Laser Cutting Service

Providing hole cutting

We provide hole cutting service by laser machine upon customers' request.

*If the standard product is out of stock or a large number of orders are placed, it will be manufactured from sheet metal.

Three advantages

01

Many types of standard products

We have a wide range of standard enclosure made in Japan and Thailand, so that you can choose the best one for your needs.

TH-Model Enclosure

Steel Enclosure

Stainless Steel Enclosure

02

Accurate and quality hole cutting

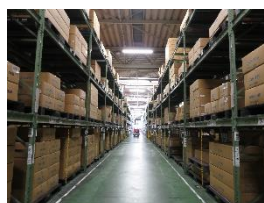

We provide accurate and quality holes, saving your time and labor. We are skillful at hole cutting, no matter how difficult or numerous.

**03**

Quick delivery !

Hole-cutting on stocked product shortens the delivery time.

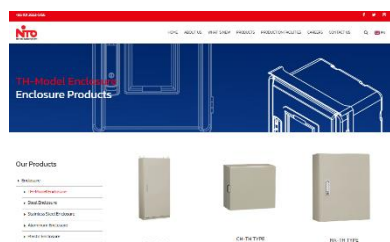

SERVICE FLOW

STEP 1 Download the drawing of the enclosure to use.

◆ Only available for TH model (made in Thailand) at first.
Others (made in Japan) will be added one by one.

Please come to our website!

Choose the product that you want to use!

Specification									
Model	External dimensions (mm)			Mounting plate (mm)		Usable Depth (mm)	Weight (kg)	Drawing Download	
	W	H	D	W1	H1	D1			
CH2-152TH	150	200	120	100	150	103		Click!	PDF DXF
CH2-22TH	200	200	120	150	150	103	2.5		PDF DXF
CH2-225TH	200	250	120	150	200	103	3.0		PDF DXF

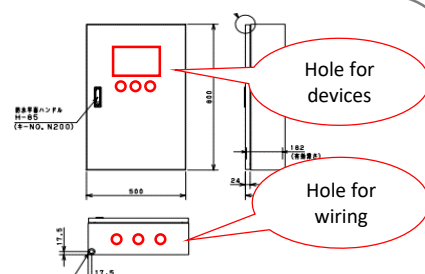

Download the drawing in DXF or PDF.

STEP 2 Specify the hole you need.

Hole shape?
Hole size?
How many?
Position?

Check up needed holes.

Draw the needed holes on DXF or hard copy.

◆ We recommend drawing on DXF for more accurate specification.

Get quotes and official drawings

STEP 3

Please request an estimate and official drawing to our distributor.

※ If you need to introduce our distributor, please contact our Bangkok office below.
